

Habitat Newsletter – April 2024

Construction Begins!

The footers are in, the foundation is soon to be completed, and we finally have a start date! Our first build day as a church group will be Saturday, April 20. We will be scheduling two Saturday workdays each month, needing 10-12 builders. Hopefully we will also have volunteers willing to provide lunch on those days. Construction is expected to continue through the summer.

In the meantime, we have a date with our youth this Sunday afternoon, April 7, for a painting party! They will be coating 30 studs with bright paint colors and have the boards available for us next weekend, April 13-14. Then you can stop by at the front of the church to sign your name and offering a blessing on the boards. We all then become a part of Cheyenne Ingram's house.

Habitat is also planning a wall-raising event with media coverage, once the subfloor is on the house. Our "blessing boards" will be used for the event, with our blessings offered to Cheyenne and available for all to see.

As I mentioned in my last newsletter, if you volunteered in the past, you are on my email list. If you'd like to be added, for either building or providing lunch, please email me at cajdshea@gmail.com and let me know. I'll send out an email to all volunteers in advance of each workday so volunteers can sign up. Looking forward to seeing you on the build site!

Thanks!
